Total Units	0	0	0	0	0
Beechcraft Corporation					
T-6A/B/C	9	11			20
Total Units	9	11	0	0	20

Notes:

1. A shipment occurs when an aircraft is shipped from its production facility to a customer located anywhere in the world.
2. Shipments may include deliveries to a fractional operator owned by the company or to an aircraft dealer.
3. An aircraft is considered to be manufactured in the United States when produced under an FAA production certificate.
4. Military aircraft shipments are not included in shipment table totals.
5. Company billings are not reported. Where available, GAMA estimates total billings using public information including B&CA Purchase Planning Handbook 2013.
6. Cessna Aircraft Company C162 SkyCatcher (SLSA), CubCrafters CC11, Diamond Aircraft HK36 Motor Glider and Flight Design GmbH ASTM CT Series models are included in civil make-model shipment total, but not summary tables. This change is intended to properly capture all deliveries by the companies listed while maintaining a consistent baseline of shipments from previous years' reports. GAMA will further integrate CS-VLA and S-LSA aircraft into future shipment reports.
7. Airbus and Boeing twin aisle shipments will be identified in the report as opposed to in the footnotes going forward. GAMA, however, is not including the value of twin aisle airplane shipments in the calculation of billings.
8. The listing in this report of Beechcraft Corporation for the period ending March 31, 2013 includes Hawker Beechcraft Corporation deliveries through February 15.
9. Gulfstream deliveries will be recognized at the time of completion ("outfitted") starting 2012 to better align with shipment recognition with other OEMs. The 2011 report has been updated and prior years data will be amended.
10. Piaggio Aero does not provide quarterly data, but reports airplane deliveries to GAMA on an annual basis.
